Please explain your rating:

In your opinion, how does the total funding package provided to you, including Canada Research Chairs funding, CFI funding and university funding compare to similar research funding offered in other countries? Would you say it is:

greater than funding packages offered internationally

 comparable to funding packages offered internationally

 less than funding packages offered internationally

Please elaborate:

Do you have other comments about the level of funding provided by Canadian universities in partnership with the Chairs program and CFI, and how the level of funding compares to similar research funding programs offered internationally?
